

Advanced Benefits Advisors

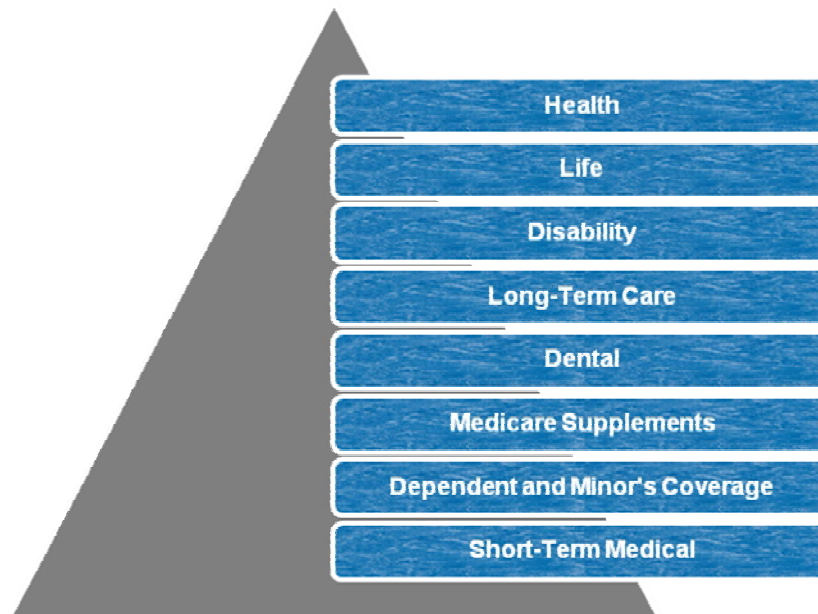

Individual Insurance Products

Custom Designed to Meet Your Individual Insurance Needs

Advanced Benefits Advisors works with individuals to design insurance programs to fit each individual's own needs while also protecting his/her assets. ABA conducts a product market survey to properly identify, analyze and determine the correct benefits to fit an individual's needs and budget.

Clients will be shown the most cost-effective solution to address both short-term and long-term needs and goals for each of the following products and programs:

Additional individual business protection programs can be used for:

- ✓ Key Person Protection
- ✓ Business Loan Protection
- ✓ Buy-Sell Agreement Funding
- ✓ Overhead Expense Protection
